GBF were working on English and Spanish ones. I have just sent GBF an email to find out if the signs were posted. Will let you know what I find out.

Donn

What warning signs did you have at San Jacinto?

Galveston Bay Foundation would have installed No-Fishing signs in July-August this year.

Adam, as Liaison, I called the local resident back last week regarding her complaint about exposures and what she could do to protect herself, etc. However Harris Co. wants more warning signs out there like we did for San Jacinto. Could your contractor look into placing some sort of Warning signs in the area near (b) (6) neighborhood. Thanks.
